Passenger Stepped in Front of Train, REPUBLIC SPECIAL. Moline, Ili., June 16.—August Manleniere was killed early this morning at East Moline by stepping from a passenger train in front of a moving freight.

This big O and that big E stand for two little words that represent what as necessary for every advancement we make in life—OWR EPFORT.

Effort means activity, physical and mental. Activity, uses up vitality and wears away tissue. Vitality and tissue must be rebuilt or health departs. Body-building material comes from proper food. Food, then, of the paper kind, makes effort possible. Effort makes the man.

Your doctor will tell you that the whole wheat keenel contains every element necessary for building up each part of the human body, and that buffey malt is the best natural tonic. "FORCE" is composed of the whole of the wheat and barley malt, ready cooked, in the form of a crosp, delicate, delectable flake, and contains in just the proper proportions those elements required for neurishing, strengthening and invigorating the human body.
